## Customer Reviews

simply a delight to read, perfectly simple to understand by anyone's standards, without compromise or "new age" messages intermixed. great for personal edification of faith in Christ Jesus.

You can tell be reading this book that McGee is like a kind old grandpa telling you all about the Word of God, complete with applications to your life. If you have a chance to pick up a copy of his Bible set, do it, that set is worth its weight in gold. Another book I can recommend is Mere Christianity, that combined with this particular book should not be passed up, especially if you would like some clarification on Christ.

Dr. McGee is always very enjoyable and I learn something from all of his materials. This book is very timely considering the world we live in now!

A good start for beginning a study in Theology! For a more detailed study, I'd recommend C Ryrie's "Bible Doctrine" or Lewis Sperry Chafer's "Major Bible Themes". Dispensational and Conservative!

As always another great book by John Vernon McGee. Learn Bible Doctrine.
