Abe Lincoln Goes To Washington: 1837-1865

Synopsis

Now with an updated paperback cover, *Abe Lincoln Goes to Washington* paints a vivid picture of the Springfield, IL years, when Abe met and married a pretty Kentucky woman, and made his name as a lawyer and politician. Cheryl Harness gives readers a moving account of Lincoln's rise and the tensions that dragged the nation into conflict; brilliantly detailed maps and battle scenes deepen our understanding of the Civil War; and the book's richly imagined illustrations recreate the life of the man who will always be regarded as one of our greatest presidents. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

Customer Reviews

Cheryl Harness has broken her children's biography of Abraham Lincoln into two volumes. The first volume covers the life of young Abe Lincoln from 1809 to 1836. "Abe Lincoln Goes to Washington" follows Abe Lincoln to Congress and ends with his assassination. This biography is targeted to a third grade audience. I thought the book was well written and illustrated. Ms. Harness has produced a first rate introductory biography. Job well done.

This is another of Cheryl's well-written and engaging histories. This one is well told and particularly timely considering all of the interest generated by movies and books about Abraham Lincoln. I also highly recommend her Young Abe Lincoln, George Washington, Thomas Jefferson, John Adams, and Benjamin Franklin. Whenever one of her books is released, I plan to add those books to my history shelves, too.

Rather disappointed. I learned (memorized) the Gettysburg Address in school; I recited it for my daughter, and she tells me I'm wrong! In the book, the author does not cite WHICH version of the speech is used. I know of at least three. How is this a "valued resource" for kids if that fact is not explained in the end notes???

Great book and book conditions were better than what I expected. Would definitely buy from this seller again! Thanks

This book was required reading for my grandson's 3rd grade class. He says, "It's okay".

I'm sure the book would have been adequate had it not been missing several pages.

My son enjoyed this book. It seems to be a good quality book.

There are no page numbers. Only thing I didn't like.
