This book is an excellent study for small groups to dive into. Most of us look at the book of Romans as just "scripture". This book (Romans: Life Change Series) allows you to study the book of Romans as a personal letter that Paul wrote to the community in Rome. This study book will truly help you and/or your small group understand "the righteousness of God" by revealing that all people are related to God in the terms of wrath or love.

This guide is easy to follow and idiot proof. It includes specific questions for every reading with optional questions to do in a study group. It also has several specific additional scripture readings throughout the lessons. Further, it begins with background information about Paul and the Church of Rome.

Our bible study group has been looking for a new study and Romans seemed to be just what we needed. We always come away with new insights and it's in part because of the format of this book. It helps us to think and encourages everyone to participate and dig deeper. We will be buying more study books from this publisher.

This is a great study. The questions are thoughtful and there is ample room to write responses. Excellent definitions are given of the original meanings of key words. Furthermore, there are really good questions on the side margin to explore other thoughts.

Had a lot more writing in it than expected. I've gotten used books before with not as much wear or writing in them. The condition of the outside could have been better as well. But the study itself is great. I love NavPress. They have great studies for most books of The Bible. Great commentary as well and discussion questions.

This Bible Study is excellent for small groups. It allows independent study but provides lots of helps and insights into the book.

Definitely better when used in a group setting. If you get it for yourself I doubt you will be challenged enough to benefit from it.

These are my favorite Bible study tools. This teaches you what questions you should ask yourself as you wok through a text. Has also been great for others in my Bible study.
