## Customer Reviews

I brought this book because I have difficulty knowing when the Holy Spirit has control or whether I am the one in control. Reading this book gave me an understanding that I should allow the Holy Spirit to lead me as God directs, that I am to submit my will to God so that I do not get ahead of what He wants done through me at the appropriate time or be out of order by thinking I should be the only one He uses. Yes we all have the Holy Spirit but there is an order to what God wants done in His congregation and we must obey Him. I have seen my pastor operate in the manner described in this book, so I know we are on track with God. If you are having the same issues of self getting in the way of what God wants I recommend this book to you.

Romans chapter 8 tells us that we are to be led by the Spirit of God. Unfortunately most Christians haven't clue as to how to BE led. They don't know HOW to flow with the Spirit when He is moving. Get the book - Read it - and Learn! You won't be sorry.

This is a necessary book to help believers know the true moving of the Holy Spirit, and the disruptive annoyance of "other influences." The Holy Spirit is a gentleman who never deviates from

God's word, contradicts Himself, or interrupts Himself... yes, this is necessary reading to all who love God.

this book is written by a man who knew more about God than most people will ever know!! he trusted God like we all need to do! God Bless you when you finish this book!

It was alright IMO. It did not give detailed information on how to flow with the Spirit of God, just examples of not flowing in the Spirit. If the book is titled "Learning to flow with the Spirit of God", that should be the majority of its' content in teaching one how you go about doing so and not just examples of when someone is not.

I really enjoyed this book. It made me think about how it used to be. I grew up in a church that had testimony service. The Holy Spirit would surely move in those services. This book gave me more insight on how the Holy Spirit moves.

My desire has been for a closer walk with God the Father and Jesus the Savior, this little book shows how close the Father and the Son is to us.

I love little books that give information to a better life or hints and tips on how to do something or to avoid making a mistake. This little book was not what I expected. It is written in an 'older language' way that was over my head. I was mostly confused on what the author was talking about and frequently said 'What?' out loud while trying to read it. Perhaps it is a good book, but just too in depth for my understanding. IDK
