Malala Yousafzai: Warrior With Words

Synopsis

The inspiring, true story of Malala Yousafzai, a young Pakistani girl who stands up and speaks out for every child's right to education. Though she and two of her schoolmates were targeted by a Taliban gunman, a life-threatening injury only strengthened her resolve. Malala spoke at the U.N. on her 16th birthday in 2013, nine months after she was shot. Author and journalist Karen Leggett Abouraya, author of *Hands Around the Library: Protecting Egypt's Treasured Books*, brings Malala's story to life for young readers. Malala's story is more than a biography of a brave and outspoken teenager. It is a testament to the power of education to change the world for boys and girls everywhere. "Winner of the California Reading Association's 2015 EUREKA! Honor Award"

Age Range: 4 - 7 years

Grade Level: Preschool - 2

Customer Reviews

I just received a copy of this book. The book is extremely well written for young children. While it can be complex to explain to young children about Taliban, this book does a great job of delivering the message without introducing fear. A must read.

This beautifully illustrated book and its compelling prose reflect Malala's belief that "peaceful words have power over violence." I guarantee every reader will be inspired and some will gain the

confidence to "stand-up" too.

Finally a book about Malala for kids. I give it 10 stars!!!

Excellent story for fourth and fifth graders. The concept of school being denied to girls, being a sought-after challenge for a child is not an American concept, of course. I believe that this is a story for all time. Will lead to wonderful questions and a thoughtful discussion will stay with the students, we hope. Possibly would work with some third graders, just have not done that.

I bought this for my 8 year old daughter. She was amazed to learn that there are children in the world that do more than go to gymnastics lessons and do homework. I thought the way the story was written was age appropriate; not too scary, but still tells what happened.

This was a mandatory book for my 4th grader. Has some graphic illustrations and a mature topic. I would recommend this book, just so long as parents could explain and be available to answer question regarding the mature topic. I would have rather my child learned this story in 7th or 8th grade. For a mature audience only. May cause stress for those children that have anxiety.

Wow - so glad to see a book for kids about Malala, a contemporary heroine! Her courage and passion for education are celebrated in this book, as is the collective power of children's voices. Sharing this with family, friends and students.

Beautiful real story. The age would be +5 and be prepared for questions when you read it to young kids. I have been fan of Malala for years and this is a meaningful bedtime story for my little girl. Better than princesses tales in my opinion
