Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

This book is a great idea but a disappointment. I was disappointed by the shortness and the lack of story line. The illustrations are realistic however, don't look at them too long because you will discover that everyone has some sort of grotesque facial distortion. I've given it 3 stars because it is one of the few books in this category and I believe we need to support this genre.

I agree with the first reviewer. The book is disappointingly short. However, and it's a big however, I also agree that books about Rosh Hashanah and Yom Kippur are lacking for a younger age group. This also turned out to be an ideal book (because it's short) for my new kindergartner to take to school and tell the teachers and kids about this Jewish holiday. The teacher said: "I was surprised at how interested all the kids were" (go figure!). And on RH, my daughter brought in a bag of apple slices, honey, and a homemade round challah for the kids' snack time.

Blow the shofar and celebrate! This is a cute story that teaches about the traditions of the Jewish

new year.

Love this board book and so did my preschool class! There were so excited for me to read through it and for them to look at it themselves.

Very sweet story. It's only 10 pages of the thick board book so a very small child would like this.
