Synopsis

As a companion product to Joanna Weaver's 10-week DVD Bible study based on her best-selling book, Having a Mary Heart in a Martha World, this study guide helps participants discover the "better part" Jesus offered Mary and Martha - the intimate friendship that is found when we take time to sit at His feet. Â Featuring an expanded and revised version of the book's original study, this beautiful guide provides space to capture what's been learned from reading the assigned book chapters and the study of God's Word. Practical sidebars, memory verses, video pages and "Make a Plan" prompts make this a resource women will turn to long after the study is done. Designed for individuals and groups. To get the most out of the study, each participant will need a copy of the book and the study guide.

Customer Reviews

Our Bible study group found this study after an internet search. We were unfamiliar with the author, but after previewing several studies we decided to give it a try. We were happy with the format of a short (20 minute) video and study questions for each meeting. We appreciated the questions and research of Bible verses, reassuring us that our conclusions were based on the Bible. There was a good mixture of direct questions and open ended discussion questions. We found the study very relevant to our daily lives. Her illustrations and stories gave us insight into methods of keeping ourselves balanced between our Martha and Mary roles. I especially liked her suggestions for

prayer and devotion time, making it more meaningful and fitting it into a busy schedule. All of us would recommend this study to others, no matter what their age or situation.

It may seem at first what interest could this be? The more I read the more I questioned myself and is very thought provoking. If you don't want to look at yourself and where you stand with the Lord then this book is not for you but on the other hand if you would like to delve deeper, this is for you. I liked the stories behind some of the findings and is written so well anyone can understand. It doesn't get bogged down but flows forever forward.

I did not intend to buy the online version of this book. I wanted the paper copy. There is no return on a digital product. I had to go to on the street store to get the book I wanted. As for the book it is somewhat useful of course if you are studying the main book. However, there is a version of the main book available that has the Study Guide already in it.

Love this book, Joanna is very easy to relate to. She writes about the everyday struggles of Christianity in terms that everyone can relate to. She's funny, insightful and her book inspires me to find God.

We did this book in a bible study with the DVD that you can get too. It was very good. We all learn how to be more of a Mary and enjoy listening to Jesus even though many of us felt we were same as Martha.

I have not finished it yet but I know I will. I belong to a group that meets monthly and so far this book has been great as we all confess to worrying and/or putting a disproportionate amount of energy and time on these things that distract us from getting The Word. Already tips have been suggested to resist this.

My only problem... I selected and bought the study guide and not the book first! The book is great for a women's book club and the study guide is perfect when organizing and planning a fun, encouraging and meaningful book/bible study!

I was asked to read this book for a review during our women's retreat. So far I have laughed, cried and been convicted, and I am only in chapter 3! This is the first book I have read by Weaver, but am

really enjoying it, I will be reading more by her, she has really spoke to my heart.
