Customer Reviews

The Magic School Bus will always hold nostalgia for me. I grew up watching the show and reading the books and loved them. I am happy that it is still around today for to bring my kids educational fun. When I won this book, I was very excited to share it with them. The Magic School Bus Presents: Ocean Adventure is a great book. It is filled with all kind of great information and fun story line from Miss Frizzle and crew. While my kids are still pretty young, they enjoyed this book purely for the amazing pictures of sea life. I was met with a chorus of "WHAT'S THAT!"s while reading. I'm a sucker for all things ocean so this was a great book for me as well. It is a very educational and fun read! My family won this book through a Goodreads First Reads giveaway.

The ebook preview offered interaction that the book itself did not have on our kindle. Quite

disappointed, as without it, the lettering is hard to read.

What is not to like about Magic School Bus Books, they are wonderful

Not a native Kindle book....

My grandson loved it!

Good book!
