The Catholic Way: Faith For Living Today

Synopsis

The Catholic Way is an up-to-date reflection on what it means to be a Catholic today. It is a clear, intelligent, and authoritative guide to the perennial faith of the Catholic Church as presented in the Catechism of the Catholic Church. Written by a bishop recognized internationally and nationally for his teaching and writing, and for producing video presentations on the Catholic faith, this indispensable book illuminates the riches of the Catholic Church, guiding readers -- whether recent converts or lifelong Catholics -- to a deeper understanding and appreciation of the Church. In concise, easy-to-understand language, Bishop Wuerl explains what the Church's Catechism is and how its content touches our life. He elucidates the words of the Sacred Scripture, the meaning of Jesus' life and ministry, Mary's place and significance within the Church's teachings, what the articles of the creed mean, what the sacraments signify, and how the commandments apply to us today. His insights provide answers to the questions "What do we believe?" and "Why do we believe that?" The Catholic Way can be used with confidence by all Catholics. For the faithful and the questioning, for believers and seekers, The Catholic Way will stand as the definitive book on the meaning and power of the Church's Catechism and its beliefs and teachings.

Customer Reviews

This book is a great point-by-point Catechism for those just beginning to learn about Christianity and Catholicism. While it starts a little simplistically for someone already familiar with the Church's teachings, it does give excellent explanations for those new to the faith. This would be a great gift for a child preparing for their first communion; along with the Catechism of the Catholic Church

(which this book is an explanation of) it might even serve well for teenagers in preparation for confirmation, especially if they are poorly catechized. This book is also a great start for introducing friends to the Church who are curious but unaware of what the Church believes.

This is an EXCELLENT book if you're new to Catholicism, are curious about it, or just want to refresh your knowledge and fully understand what being a Catholic is all about. It is a very easy read and the chapters are quite short; however, there is A LOT of information packed in this book. Highly recommend. Rating: 5 stars

As an inquisitive individual with a fairly secular upbringing, I felt that learning more about faith and living by the structure of a faith was a beneficial investment of my time. While this book does not answer every niggling question in my mind, it's an excellent starting place for non-Catholics and a book of interest to Catholics wanting to become more aware of how living the faith works.

Bishop Wuerl, (now Cardinal Donald Wuerl) does an excellent summarization of the Catholic faith. This was a gift for our son who is now married and has moved to another state. He appreciated it as I did because it teaches the faith and is in conformity with the "Catechism of the Catholic Church". At the end of each chapter, there are questions to reflect on which makes it more personable for the reader. It is a book that I recommend for every Catholic, for anyone contemplating becoming a Catholic, or for anyone interested in understanding the Catholic way. Holly

Looked everywhere for this book. Im happy you had it for me. Price was great and got here in the right amount of time

Cardinal Wuerl's "The Catholic Way was everything I expected it to be, and more.
