Little Cloud Board Book

Synopsis

At last! Here's a brand-new board book edition of an Eric Carle picture book that's a favorite with littlest cloud gazers everywhere! Little Cloud likes to stand out from the crowd. When all the other clouds drift up, he goes his own way, changing shapes to become a sheep, an airplane, a shark and a funny clown. It's all lots of fun, but so is playing with friends. So this time, Little Cloud joins the crowd, gathering with his pals into one giant cloud. And then they rain! In Little Cloud, Eric Carle celebrates the possibilities of imagination with textured collages of sky-blue and white in a story that will encourage the youngest child to "read" clouds. Eric Carle lives in Northampton and Charlemont, MA.

Book Information

Lexile Measure: 390 (What's this?)

Board book: 32 pages

Publisher: Philomel Books (May 4, 1998)

Language: English

ISBN-10: 0399231919

ISBN-13: 978-0399231919

Product Dimensions: 5 x 0.8 x 7 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars Â Â See all reviews Â (53 customer reviews)

Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

This is a cute and fun book. I don't usually choose Eric Carle books, but this is one of the best books I've read to my almost-2 year old this year. Even my 5 year old likes it. Fun, imaginative, and we really like the little face on Little Cloud in the beginning of the story. This small/medium board book size is a plus, too, easy for little hands.

A great book for the imagination. It inspired us to go outside and see what shapes our "Little Clouds" were becoming.

I normally love the Eric Carle books. My son usually loves them as well. This book is not my favorite, nor is it my son's favorite. I don't feel this is a good representation of his work. The pictures are very cute and the idea is very imaginative. However, the story itself is very clunky and is a bit much for a toddler to sit through. We just look at the pictures and don't try to really read the words.

"Little Cloud" is a wonderful Eric Carle deep cut. In Board Book form it is totally fantastic, kids love it. It's a little bit like "It Looked Like Spilt Milk", but without the element of surprise. The last page is phenomenal.

I think this is adorable, but my infant is bored of it. The illustrations look about the same on each page (as an adult they don't, but to a small child they don't vary in color or shape much). I like this book, but it isn't a hit with my little one :(

I say great color because the book is only really blue and white but it's a great book for all of that. Lots of great pictures with contrast to catch little one's attention. Definitely more for bigger little ones who are starting to understand such concepts as rabbits and airplanes.

Great book, perfect condition! My class & I love it! We used it while learning about clouds during our weather theme (I teach a class of 2 year olds), but they ask me to read it all the time even after we finished that unit. I highly recommend this book for preschool-age children. Wonderful!

This is a perfect book for the very young reader. In true Eric Carle fashion, the text and illustrations are seamless and it conveys such wonderful feelings about an old fashion pastime of watching the clouds go by. This is a great book for a weather unit for very young learners. Love it.
