Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars Â Â See all reviews Â (9 customer reviews)

Best Sellers Rank: #77,096 in Books (See Top 100 in Books) #21 in Â Books > Children's Books > Geography & Cultures > Explore the World > Central & South America #42 in Â Books > Children's Books > Science, Nature & How It Works > Mystery & Wonders #50 in Â Books > Children's Books > Education & Reference > Science Studies > Nature > Water

Age Range: 7 - 9 years

Grade Level: 2 - 4

Customer Reviews

We got our son a few of the DK Reader books for Christmas and he loves them. The Bermuda Triangle was a bit challenging for his reading level (should have stuck with level 2), but we both had a great time reading it together. It taught us both about what the Bermuda Triangle is, gave us a few different stories about ships and planes that had gone down in the Triangle and others who got out and suggestions as to what might be going on there. We will buy many more of these books, they are well worth the price.

It gives a good bit of information on the bermuda thus it has quickly become a favorite of my sons!

During our study of bodies of water (oceans) my students became intrigued with the mystery associated with The Bermuda Triangle. Therefore I purchased a set of these books for each students. They enjoyed reading the book.

I thought I had ordered the adult version of the book, but instead got the 8-yr-old version. I gave it to my daughter who is a second-grade teacher and she said it was perfect for her students.

My 8 and 6 year old children really enjoyed the stories in this book. Fascinating stories, and even better that they are true stories.
