# Windows 7: Text

## Synopsis

Systematic descriptions and illustrations of basic and intermediate Windows 7 features provide students with a sound command of the new operating system.* Step-by-step instructions in Here's How boxes present clear training and serve as a handy reference.* Within- and end-of-chapter exercises reinforce steps, help students apply knowledge, and test problem-solving skills.* Covers new or enhanced features including the Start menu, taskbar, Aero Peek, Shake, file handling functionality, new Libraries, reveal features, Internet security, and networking.

## Book Information

Spiral-bound: 560 pages

Publisher: EMC Paradigm,US (July 30, 2011)

Language: English

ISBN-10: 0763837326

ISBN-13: 978-0763837327

Product Dimensions:  8.4 x 11.2 inches

Shipping Weight: 2.4 pounds

Average Customer Review:  4.9 out of 5 ststarsÂ Â See all reviewsÂ (14 customer reviews)

Best Sellers Rank: #421,139 in Books (See Top 100 in Books)   #33 inÂ Books > Computers & Technology > Operating Systems > Windows > Windows Desktop > Windows 7   #1180 inÂ Books > Computers & Technology > Software > Microsoft

## Customer Reviews

I was not expecting a very good boo for the price but I am very happy with the condition and value. I received it with another used gem and both were in so much better shape than the seller described. I will be buying my future text books from them.

I've bought several computer books, hoping for directions, examples, and clarity. Until this book I've been frustrated with quirky authors who skipped steps assuming they were too minor to mention. Faithe Wempen left nothing to chance. Everything I needed to get the most out of Windows 7 with REALLY helpful tips and exercises. This textbook I'm keeping to share with friends and family!

I'm not a big lover of spiral bound books, but that isn't the fault of the seller, nor was the price. Textbooks are just not inexpensive. However, this book is going to get me through two 8 week, 1 credit hour classes which I need as part of my degree. The condition of the book is very good. I'm

happy with this purchase.

This product arrived on my doorsteps in excellent condition. The method of delivery was consistent with the advertised message. I am extremely satisfied with this purchase !

Place this order last week and hoped that it would arrive within 2 days. If I would have placed the order a day earlier it would have arrived by Saturday but the timing was perfect since my class started today. Was tightly packaged in a card-board box that conformed to the book perfectly. Took some time to get through the tape but I appreciate this since if it would have gotten wet nothing would have leaked through. Inside the book was neatly wrapped in crafting paper... The technique is flawless and I was a bit apprehensive in removing it since it looked so pretty. I give this guy 5 stars. CRAZY MIKES IS THE SHIT!!!!!

It is a thorough and informative step-by-step instructional guide to Windows 7.

Used it for a semester, was hard to sell... Good book overall
